Superior Performance

Enjoy quicker print out with improved print speed of up to 26 ipm and superior ADF scan performance of up to 100 ipm on duplex.

Low Running Cost with Less Intervention

Innovative replacement ink pack system is designed for easy installation and maintenance, minimising parts replacement and lowering running cost.

Heat-Free Technology

Increase productivity and reduce environmental impact without compromise with our Epson Heat-Free Technology.

<sup>\*</sup>Applicable to WF-C879R only. <sup>\*\*</sup>Up to 86,000 pages in black or 50,000 pages in colour.

Introducing the new and improved Epson WorkForce Pro WF-C878R and WF-C879R, A3 Colour Multifunction Printers. In addition to being equipped with high-yield replaceable ink packs and powered by PrecisionCore™ technology, these Epson multifunction printers are more compact in design to help save space. Coupled with exceptional function features, security and connectivity capabilities, you can expect to reach higher productivity each time you print.

Superior Performance

With improved print speed of up to 26 ipm\*, you can expect quicker printout and recovery time with each print output. Experience superior performance with high ADF scan speed up to 100 ipm\*.

Epson WorkForce Pro WF-C878R and WF-C879R offer a significant improvement in paper handling. Input paper capacity can be increased to a maximum of 1,900 pages with optional cassette trays for WF-C879R. Paper sizes of up to A3+ can be placed in different cassettes for automatic selection. The rear tray enables the use of special media such as photo media.

\*Applicable to WF-C879R only.

Epson Heat-Free Technology

PrecisionCore builds on Epson's longstanding reputation for output quality, enabling our printers to print at high speed to enhance productivity. Each chip on the printhead is capable of generating up to 40 million precise dots per second to deliver fast printing speeds and excellent output quality.

Additionally, with Epson Heat-Free Technology, Epson inkjet printers do not require heat during ink ejection process. This means they print faster and consume less power. With fewer consumables to be replaced, downtime is minimised. Enjoy enhanced productivity and reduce environmental impact without compromise.

Benefits at a glance

Save time with consistent high speed printing

Less power consumption saves energy and money

Fewer replacement parts, lower environmental impact

Less intervention increases productivity

Low Running Cost with Less Intervention

With easy and simple to use features, our innovative Replaceable Ink Pack System (RIPS) lets you enjoy printing of up to 86,000 pages in black and 50,000 pages in colour. With easy installation and low intervention, you will minimise the frequency of replacing your consumables, experiencing less downtime.

\* In accordance with ISO 24711/24712. Actual yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. A variable amount of ink remains in the cartridges after the "replace cartridge" signal. Part of the ink from the first cartridge is used for priming the printer. Ink is used for both printing and printhead maintenance. All inks are used for both black and colour printing.

Minimum Environmental Impact

Make The Ecological Choice when you change to Epson inkjet printers. While you do more for your business, you will be doing better for the environment with lower harmful emissions in your day to day.

Use Less Power With Inkjet Printers

Our inkjet printers use less power than your average laser printers so you not only save the environment, but you save on cost, too.

Epson Inkjet Printers Up to **85%** less power consumption<sup>1</sup> VS Laser Printers

Less CO<sub>2</sub> Generated With Inkjet Printers

The amount of carbon dioxide emitted by laser printers would require up to 8 trees to absorb all that carbon dioxide while Epson inkjet printers need only 1 tree.

Epson Inkjet Printers Up to **85%** less CO<sub>2</sub> generated<sup>2</sup> VS Laser Printers

Less Replacement Parts Needed With Inkjet Printers

Cut down on the number of parts to be disposed of. Inkjet printers require less parts than laser printers.

Epson Inkjet Printers Up to **59%** less replacement parts<sup>3</sup> VS Laser Printers

<sup>1</sup> Testing was commissioned by Epson to Keypoint-Intelligence-Buyers Lab. Two comparison models were selected from colour laser multifunction printers in the 65–70 ppm class. Tests were conducted at the devices' default settings using Keypoint-Intelligence-Buyers Lab standard energy consumption test methods. Calculations were based on a weekday workload of 2 x 4 hours printing + 16 hours in sleep/standby mode, and weekend energy use of 48 hours in sleep/standby mode. A total of 69 pages of workload pattern .doc, .xls, .ppt, .html and Outlook files were printed 6 times in each 4-hour printing period.

<sup>2</sup> Annual carbon dioxide calculations were based on JEMAI-LCA Pro. Cedar tree carbon dioxide absorption calculations were based on Japan Forestry Agency standards of 8.8kg carbon dioxide per annum per tree.

<sup>3</sup> Testing was commissioned by Epson to Keypoint-Intelligence-Buyers Lab. Two comparison models were selected from colour laser multifunction printers in the 65–70 ppm class. Calculations were based on the frequency and volume of the consumables and replacement parts required to print 1 million pages (ISO/IEC 24712 test pattern) over a period of 5 years.

Convenient Ease Of Use

**Manual Stapler**

Up to 20 sheets of paper can be stapled automatically when inserted to the manual stapler. With 1,000 staples per cartridge, the manual stapler can staple paper grammage of up to 90 g/m<sup>2</sup>.

**Retractable Output Tray**

This space saving design is equipped with retractable output tray for A3 media, triggered only when printing/copying A3 size. Tray needs to be pushed back manually into its original position after use.

**Network Connectivity and Standalone Capability**

Our WorkForce Pro comes equipped with a Network port for direct printing, scanning and to serve multiple computers or as a standalone for one computer. Additional Fax or Ethernet port is also readily available.

**Media Flexibility**

Epson's WorkForce Pro is able to support printing of up to A3+ size on a wide range of media types of varying thickness (up to 256 g/m<sup>2</sup>) and length (up to 1200mm), using the Multipurpose Tray.

**Improved Paper Handling**

Increase paper capacity using up to 4 cassette trays to support a total of 1,900 pages for WF-C879R, inclusive of a Multipurpose Tray with input capacity of 150 sheets.

Advanced Workflow Solutions

Stay competitive with solutions that can drive your business forward. Our Advanced Workflow Solutions is designed to help you get the most out of our business printers.

EPSON SOLUTIONS

PRINT AND SCAN MANAGEMENT

DOCUMENT MANAGEMENT

FLEET MANAGEMENT

**Epson Print Admin**

A server-based solution that creates a secured centralised printing, scanning and copying environment through user authentication. Advanced reporting functions can help organisations reduce printing costs and run Managed Print Programmes.

**Epson Print Admin Serverless**

A built-in function that creates a secure printing, scanning and copying environment through user authentication. It automatically distributes documents to users' email accounts and folders based on their login IDs. It also allows IT administrators to generate reports, which leads to better security, productivity and cost savings.

**Epson Open Platform**

Gain complete control of your printing operations via a range of third party solutions that enable you to adapt the WorkForce Pro to meet specific and changing business requirements with solutions for print and document management.

**Document Capture Pro\***

Easily scan, view, edit, save and transfer scanned documents. The software recognises barcodes, characters and blank pages in scanned documents for batch separation. It allows you to create up to 30 customised job settings, with the option to assign shortcuts of the scan jobs to the scanner's operation panel to simplify scan workflow. With the built-in OCR capability, searchable PDF files can be created and documents can be saved into editable Microsoft Office formats. In addition, device and documents can be secured through password protection, by locating and tracking documents using the Advanced Log function.

\* Document Capture Pro (Windows), Document Capture (Mac OS X), limited functionality for Mac version

**Document Capture Pro Server**

Centralise scanning and manage a fleet of up to 100 scanners without the need to install drivers on individual computers. Create and assign up to 30 job settings right to the panel with a single web interface. Process and distribute documents securely and track them with reports.

**Epson Device Admin**

A free software that allows you to control, analyse and manage your printer fleet centrally from one intuitive interface, designed to increase productivity and reduce costs.

**Epson Remote Services (ERS)**

A secure cloud-based Device Management System of registered Epson printers for service partners and end users. With ERS, you can enjoy greater peace of mind as service partners are automatically notified of any errors, which can then be resolved accurately, faster. It also allows you to access detailed insights and receive periodic reports on the status and consumable levels of your devices anywhere.

Connectivity Features

Network Connectivity and Standalone Capability

Equipped with Ethernet, Wi-Fi, RJ-11 fax, Wi-Fi Direct and USB 3.0, the printer is perfect for office environments. In addition, Wi-Fi Direct acts as an access point, allowing up to four devices to connect to the printer at a time.

Epson Connect Enabled

Wirelessly print your documents from anywhere in the world with Epson Connect's wide range of features:

- **Epson iPrint** – Print from and scan directly to your smart device or online cloud storage services.
- **Epson Email Print** – Print to any Email Print-enabled Epson printer from any device or PC with email access.
- **Remote Print Driver** – Print to a compatible Epson printer anywhere in the world via the Internet using a PC with Remote Print driver or from mobile devices via the Epson iPrint app.
- **Scan to Cloud** – Share your scans through email or store them online in cloud storage services.

Other mobile solutions:

- **Apple® AirPrint™**
- **Mopria™ Print Service**

Robust Security Features

Secured Printing with PIN Release

Print confidential documents by setting a PIN to a print job for release on the printer panel.

IP Address Filter

Secure your documents by preventing unauthorised devices from connecting to the printer.

Panel Admin Mode

Set a password to access and change administrator settings for the printer. This prevents unauthorised users from changing the printer settings.

Limited Access Function

Reduce risk of information leaks by limiting the access to functions for up to 10 user accounts.

LDAP Address Book

Prevent information leaks by using the address book registered in the LDAP server to accurately select recipient's email addresses.
